PALAEOZOIC AND MESOZOIC HYDROCARBON POTENTIAL OF THE MACKENZIE DELTA AND VALLEY

Contents

1 EXECUTIVE SUMMARY

2 GENERAL INTRODUCTION, REGULATORY, FISCAL AND ENVIRONMENTAL FRAMEWORK

- 2.1 Scope of the Report
- 2.2 Petroleum Sector Overview
- 2.3 Regulatory Framework
 - 2.3.1 Introduction
 - 2.3.2 Historical Background
- 2.4 Licensing
 - 2.4.1 Introduction
 - 2.4.2 Licence Application and Awards
 - 2.4.3 Licence Types
 - 2.4.4 Licence Levies and Fees
 - 2.4.5 Bid Deposit and Work Deposit
 - 2.4.6 Licence Period and Relinquishment Terms
 - 2.4.7 Licence Rental Payments
 - 2.4.8 Work Obligations
 - 2.4.9 Other Licence Obligations
 - 2.4.10 Benefits Plan - Approval and Reporting
 - 2.4.11 Other Reporting Requirements
 - 2.4.12 Development Plan Approval
- 2.5 Oil and Gas Drilling Regulations
 - 2.5.1 Introduction
 - 2.5.2 Regulations and Guidelines
 - 2.5.3 Operating Licence
 - 2.5.4 Drilling Program and Other Obligations
 - 2.5.5 Reporting Requirements
 - 2.5.6 Other Drilling Related Approvals
- 2.6 Fiscal Regime and Petroleum Laws
 - 2.6.1 Introduction
 - 2.6.2 Provincial Crown Royalties
 - 2.6.3 Provincial Freehold Royalty and Mineral Tax
 - 2.6.4 Federal Royalty and Frontier Lands Royalty
 - 2.6.5 Provincial Income Tax
 - 2.6.6 Federal Income Tax
 - 2.6.7 Indian Lands Oil and Gas Royalties
 - 2.6.8 Withholding Tax
 - 2.6.9 Price Controls
 - 2.6.10 Customs Duties
 - 2.6.11 Exchange Controls and Market Restrictions
 - 2.6.12 State Participation
 - 2.6.13 Inuvialuit Final Agreement
- 2.7 Environmental Considerations in Onshore Operations
 - 2.7.1 Introduction
 - 2.7.2 Historical Setting
 - 2.7.3 Regional Considerations
 - 2.7.4 Regulations and Administration
 - 2.7.5 Operational Recommendations
 - 2.7.6 Conclusions

3 EXPLORATION HISTORY

- 3.1 Introduction
- 3.2 Exploration History of the Mackenzie Valley
- 3.3 Exploration History of the Onshore Mackenzie Delta
- 3.4 Development and Production

3.5 Current Exploration Activity

4 DATABASE

- 4.1 Introduction
- 4.2 Well Information
- 4.3 Seismic
 - 4.3.1 Data Availability
 - 4.3.2 Project Seismic Database
- 4.4 Gravity and Magnetic Data
 - 4.4.1 Gravity Data
 - 4.4.2 Magnetic Data
- 4.5 Geochemical Database

5 INTERPRETATION METHODOLOGY

- 5.1 Introduction
- 5.2 Geology
- 5.3 Seismic
- 5.4 Gravity and Magnetic
- 5.5 Geochemical Interpretation
 - 5.5.1 Source Rocks - Type and Quality
 - 5.5.2 Source Rocks - Maturity

6 STRUCTURAL FRAMEWORK

- 6.1 Introduction
- 6.2 Plate Tectonic History and Basin Development
 - 6.2.1 Introduction
 - 6.2.2 Proterozoic Megasequences
- 6.3 Regional Structural Framework
 - 6.3.1 Introduction
 - 6.3.2 Regional Structural Framework
- 6.4 Gravity/Magnetic Interpretation
 - 6.4.1 Introduction
 - 6.4.2 Regional Structural Elements
 - 6.4.3 Mackenzie Valley
 - 6.4.4 Mackenzie Delta
 - 6.4.5 Magnetic Data
- 6.5 Seismic Framework and Structural Styles
 - 6.5.1 Introduction
 - 6.5.2 Colville Hills/Anderson Plain
 - 6.5.3 Kee Scarp Area
 - 6.5.4 Peel Basin
 - 6.5.5 Onshore Mackenzie Delta

7 STRATIGRAPHY

- 7.1 Introduction
- 7.2 Proterozoic
- 7.3 Cambrian
 - 7.3.1 Mount Clark
 - 7.3.2 Mount Cap
 - 7.3.3 Saline River
 - 7.3.4 Franklin Mountain
- 7.4 Ordovician - Silurian
 - 7.4.1 Mount Kindle
 - 7.4.2 Peel
- 7.5 Devonian
 - 7.5.1 Tatsieta
 - 7.5.2 Arnica - Bear Rock
 - 7.5.3 Landry
 - 7.5.4 Hume
 - 7.5.5 Hare Indian
 - 7.5.6 Ramparts
 - 7.5.7 Kee Scarp
 - 7.5.8 Canol
 - 7.5.9 Imperial
- 7.6 Carboniferous
 - 7.6.1 Tuttle
 - 7.6.2 Lisburne
- 7.7 Permian-Triassic
 - 7.7.1 Permian clastics
- 7.8 Jurassic
 - 7.8.1 Bug Creek
 - 7.8.2 Husky
- 7.9 Cretaceous
 - 7.9.1 Parsons Group
 - 7.9.2 Mount Goodenough
 - 7.9.3 Arctic Red
 - 7.9.4 Boundary Creek
 - 7.9.5 Smoking Hills
- 7.10 Tertiary
- 7.11 Stratigraphic Correlation: North Slope - Mackenzie Delta
 - 7.11.1 Proterozoic to Silurian

- 7.11.2 Devonian
- 7.11.3 Carboniferous
- 7.11.4 Permian - Triassic
- 7.11.5 Jurassic 6

8 PETROLEUM GEOLOGY

- 8.1 Introduction
- 8.2 Hydrocarbon Occurrences
 - 8.2.1 Mackenzie Valley
 - 8.2.2 Mackenzie Delta
- 8.3 Source Rocks - Type and Quality 2
 - 8.3.1 Colville Hills/Anderson Area
 - 8.3.2 Peel Basin Area 6
 - 8.3.3 Kee Scarp Area
 - 8.3.4 Onshore Mackenzie Delta Area
- 8.4 Source Rocks - Maturity
 - 8.4.1 Cambrian (and Proterozoic)
 - 8.4.2 Maturity of the Ordovician - Silurian 3
 - 8.4.3 Maturity of the Devonian
 - 8.4.4 Maturity of the Jurassic
 - 8.4.5 Cretaceous - Tertiary
- 8.5 Reservoirs and Seals
 - 8.5.1 Introduction
 - 8.5.2 Colville Hills/Anderson Plain
 - 8.5.3 Peel Basin 183
 - 8.5.4 Kee Scarp Area 185
 - 8.5.5 Onshore Mackenzie Delta
- 8.6 Migration
 - 8.6.1 Primary Migration
 - 8.6.2 Secondary Migration
 - 8.6.3 Geochemical Synthesis
- 8.7 Trapping Mechanisms
 - 8.7.1 Introduction
 - 8.7.2 Colville Hills/Anderson Plain
 - 8.7.3 Peel Basin
 - 8.7.4 Kee Scarp Area
 - 8.7.5 Mackenzie Delta

9 HYDROCARBON POTENTIAL

- 9.1 Introduction
- 9.2 Play Concepts
 - 9.2.1 Colville Hills/Anderson Plain
 - 9.2.2 Peel Basin Area
 - 9.2.3 Kee Scarp Area
 - 9.2.4 Onshore Mackenzie Delta Area
- 9.3 Summary

10 FIELD DEVELOPMENT AND COST DATABASE

- 10.1 Introduction
- 10.2 Pipelines
 - 10.2.1 Oil Pipelines
 - 10.2.2 Gas Pipelines
- 10.3 Existing Field Developments in the Region
 - 10.3.1 Prudhoe Bay Field
 - 10.3.2 Norman Wells Field
- 10.4 Proposed Field Developments in the Region
 - 10.4.1 Introduction
 - 10.4.2 East Amauligak Field
 - 10.4.3 Niglintgak Field
 - 10.4.4 Parsons Lake Field
 - 10.4.5 Taglu Field and Associated Fields
 - 10.4.6 Ya Ya Field
- 10.5 Cost Database

11 ECONOMIC MODELLING AND ANALYSIS

- 11.1 Introduction
- 11.2 Economic Analysis Methods and Assumptions
 - 11.2.1 Basic Assumptions
 - 11.2.2 Cash Flow Analysis Methodolgy
 - 11.2.3 Economic Indicators
- 11.3 Petroleum Economics
 - 11.3.1 100 MMBO Oilfield - Norman Wells Area
 - 11.3.2 8 MMBO Oilfield - Pinnacle Reef; Norman Wells Area
 - 11.3.3 25 MMBO Oilfield - Mackenzie Valley
 - 11.3.4 60 MMBO Oilfield - Mackenzie Delta
 - 11.3.5 2 TCF Gasfield - Mackenzie Delta
- 11.4 Conclusions of the Economic Analysis

12 BIBLIOGRAPHY AND REFERENCES 269

LIST OF FIGURES

- 2.1 Study Area
- 2.2 Licensing Procedures - Flow Diagram
- 2.3 Fiscal Regime - Flow Diagram
- 2.4 Proposed Pipeline Routes - Mackenzie Corridor

- 3.1 Drilling Dates of Wells in the Mackenzie Valley
- 3.2 Drilling Dates of Wells in the Mackenzie Delta
- 3.3 Licence Map - Mackenzie Valley
- 3.4 Licence Map - Mackenzie Delta

- 4.1 Geographical Division of Study Area for Well Summaries
- 4.2 Summary of Stratigraphy and Symbols Used for Well Summaries
- 4.3 Comparison of original and reprocessed data Seismic Line 82-W-23X, Kee Scarp Area
- 4.4 Comparison of original and reprocessed data Seismic Line DMT-410, Tuktoyaktuk Area
- 4.5 Comparison of original and reprocessed data Seismic Line 82-1811, Kugpik Area

- 5.1 Synthetic Seismogram - Tedji Lake K-24
- 5.2 Synthetic Seismogram - Tweed Lake M-47
- 5.3 Seismic Character - Tweed Lake, Colville Hills
- 5.4 Synthetic Seismogram - Carcajou D-05
- 5.5 Synthetic Seismogram - Hoosier Ridge N-22
- 5.6 Synthetic Seismogram - Hume River A-53
- 5.7 Synthetic Seismogram - Maida Creek F-57
- 5.8 Synthetic Seismogram - Manitou Lake L-61
- 5.9 Synthetic Seismogram - Mountain River H-47
- 5.10 Synthetic Seismogram - Norman Wells M-36X
- 5.11 Synthetic Seismogram - Ontadek Lake N-39
- 5.12 Seismic Character - Kee Scarp Area
- 5.13 Synthetic Seismogram - Caribou N-25
- 5.14 Synthetic Seismogram - Cranswick A-22
- 5.15 Synthetic Seismogram - Ontaratue H-34
- 5.16 Synthetic Seismogram - Trail River H-37
- 5.17 Synthetic Seismogram - Tree River F-57
- 5.18 Seismic Character - Cranswick Terrace, Peel Basin
- 5.19 Synthetic Seismogram - Beaverhouse Creek H-13
- 5.20 Synthetic Seismogram - Imnak J-29
- 5.21 Synthetic Seismogram - Kamik D-48
- 5.22 Synthetic Seismogram - Kugpik O-13
- 5.23 Synthetic Seismogram - Ogruknang M-31
- 5.24 Synthetic Seismogram - Tuk L-09
- 5.25 Seismic Character, Kugpik Area
- 5.26 Seismic Character, Tuktoyaktuk Peninsula
- 5.27 Standard Magnetic Anomalies
- 5.28 Magnetic Depth Estimate
- 5.29 Percentage Ro/Tmax correlation - data for all areas

- 6.1 Summary of Major Structural Features
- 6.2 Late Devonian Plate Tectonic Setting
- 6.3 Early Jurassic (200Ma) Plate Tectonic Setting
- 6.4 Early Cretaceous (115Ma) Plate Tectonic Setting
- 6.5 Late Cretaceous (75Ma) Plate Tectonic Setting
- 6.6 Palaeocene (60Ma) Plate Tectonic Setting
- 6.7 Tectonic Evolution Summary
- 6.8 Bouguer Gravity
- 6.9 Residual Bouguer
- 6.10 Magnetic Anomaly
- 6.11 Residual Magnetic Anomaly
- 6.12 Top Proterozoic Depth Map - Mackenzie Valley
- 6.13 Seismic Section - Colville Hills
- 6.14 Mid Devonian Depth Map - Mackenzie Valley
- 6.15 Seismic Section - Kee Scarp Reef, Norman Wells
- 6.16 Structural Configuration and Balanced Cross-Section - Norman Wells
- 6.17 Seismic Section - Kee Scarp Area - thrust anticline/possible reef development
- 6.18 Base Cretaceous Depth Form Map - Mackenzie Valley
- 6.19 Seismic Section - Cranswick Terrace, Peel Basin
- 6.20 Lower Cretaceous structuring, Peel Basin
- 6.21 Base Mesozoic Unconformity - Mackenzie Delta
- 6.22 Near Top Jurassic Depth Map - Mackenzie Delta
- 6.23 Near Top Parsons Depth Map - Mackenzie Delta
- 6.24 Near Base Tertiary Depth Map - Mackenzie Delta
- 6.25 Seismic Section - Kugpik Area
- 6.26 Seismic Section - Tununuk High
- 6.27 Seismic Section - Tertiary Diapir, outer Delta
- 6.28 Seismic Section - Tuk. Peninsula/Kugmallit Trough
- 6.29 Seismic Section - South Parsons Area

- 7.1 Stratigraphy of the Colville Hills/Anderson Area
- 7.2 Stratigraphy of the Peel Basin Area

- 7.3 Stratigraphy of the Kee Scarp Area
- 7.4 Stratigraphy of the Onshore Mackenzie Delta
- 7.5 Lithostratigraphic Correlation of the Mackenzie Valley
- 7.6 Lithostratigraphic Correlation Across the Onshore Mackenzie Delta
- 7.7 Location of Proterozoic
- 7.8 Isopach of Mount Clark
- 7.9 Well Correlation - Colville Hills/Anderson Area
- 7.10 Isopach of Mount Cap
- 7.11 Isopach of Saline River Salt
- 7.12 Isopach of Saline River Clastics
- 7.13 Well Correlation Across the Peel Basin Area
- 7.14 Isopach of Franklin Mountain
- 7.15 Isopach of Mount Kindle
- 7.16 Isopach of Peel and Road River
- 7.17 Well Correlation - Northwestern Kee Scarp Area
- 7.18 Isopach of Tatsieta
- 7.19 Isopach of Arnica/Bear Rock
- 7.20 Isopach of Landry
- 7.21 Isopach of Hume
- 7.22 Isopach of Hare Indian
- 7.23 Isopach of Ramparts/Kee Scarp
- 7.24 Isopach of Canol
- 7.25 Isopach of Imperial
- 7.26 Isopach of Tuttle
- 7.27 Well Correlation Across the Onshore Mackenzie Delta
- 7.28 Isopach of Permian sediments
- 7.29 Isopach of Bug Creek
- 7.30 Isopach of Husky
- 7.31 Isopach of Parsons
- 7.32 Isopach of Mount Goodenough
- 7.33 Isopach of Arctic Red - Delta
- 7.34 Isopach of Arctic Red and Sans Sault - Valley
- 7.35 Isopach of Smoking Hills/Boundary Creek
- 7.36 Tertiary Stratigraphy
- 7.37 Lithostratigraphic Correlation - North Slope, Alaska to Mackenzie Delta

- 8.1 Hydrocarbon types in the Mackenzie Valley
- 8.2 Hydrocarbon types in the Delta area
- 8.3 Stratigraphic Distribution of Source Rocks of the Colville Hills/Anderson area
- 8.4 Total Organic Carbon in the Proterozoic and Mount Cap Formations
- 8.5 Stratigraphic distribution of source rocks of Peel Basin area
- 8.6 Stratigraphic distribution of source rocks of Kee Scarp area
- 8.7 Kerogen quantity (upper) and type (lower) for Devonian source rocks, Kee Scarp and Peel Basin
- 8.8 Maturity effects on kerogen type, Devonian source rocks, Kee Scarp and Peel Basin
- 8.9 Stratigraphic distribution of source rocks of (onshore) Mackenzie Delta
- 8.10 Quantity (upper) and type (lower) for Husky source rocks, Delta area
- 8.11 Organic facies of Husky source rocks
- 8.12 Kerogen type of Upper Cretaceous source rocks, well (upper) and outcrop samples (lower), Mackenzie Delta area
- 8.13 Corrected log temperature data plotted against depth for all wells sorted by area
- 8.14 Schematic maturity of the Cambrian Mount Clark Formation
- 8.15 Thermal geohistory, Nogha O-47, Colville Hills area
- 8.16 Maturity of the Canol Formation, Peel Basin and Kee Scarp areas
- 8.17 Maturity calibration, Ontaratie H-34, Peel Basin
- 8.18 Thermal geohistory, Ontaratie H-34, Peel Basin
- 8.19 Maturity and temperature calibration, Hoosier Ridge N-22, Kee Scarp area
- 8.20 Thermal geohistory, Hoosier Ridge N-22, Kee Scarp area
- 8.21 Maturity of the Husky Formation, Delta area
- 8.22 Maturity calibration, Ulu A-35, Delta area
- 8.23 Thermal geohistory, Ulu A-35, Delta area
- 8.24 Maturity of the Upper Cretaceous source rocks, Delta area
- 8.25 Hydrocarbon expulsion efficiency, Canol Formation, Peel Basin and Kee Scarp
- 8.26 Schematic migration pathways: Peel Basin - Kee Scarp or Colville Hills (upper) and Delta (lower)
- 8.27 Stratigraphic Distribution of Reservoirs and Seals of Colville Hills/Anderson Plain Area
- 8.28 Reservoir Potential - Mount Clark
- 8.29 Key Well - Tedji Lake K-24
- 8.30 Key Well - Tweed Lake M-47
- 8.31 Stratigraphic Distribution of Reservoirs and Seals - Peel Basin Area
- 8.32 Reservoir Potential - Franklin Mountain
- 8.33 Key Well - Cranswick A-22
- 8.34 Reservoir Potential - Arnica
- 8.35 Key Well - Tree River F-57
- 8.36 Reservoir Potential - Tuttle
- 8.37 Stratigraphic Distribution of Reservoirs and Seals - Kee Scarp Area
- 8.38 Key Well - Ontadek Lake N-39
- 8.39 Key Well - Mountain River H-47
- 8.40 Reservoir Potential - Kee Scarp and Post Hume Reefs
- 8.41 Key Well - Manitou Lake L-61
- 8.42 Key Well - Maida Creek F-57
- 8.43 Key Well - Hume River A-53
- 8.44 Key Well - Norman Wells M-36X
- 8.45 Key Well - Hoosier Ridge N-22

8.46 Key Well - Carcajou D-05
8.47 Well Correlation - Norman Wells to Manitou Lake
8.48 Reservoir Potential - Sans Sault
8.49 Stratigraphic Distribution of Reservoirs and Seals o Onshore Mackenzie Delta Area
8.50 Reservoir Potential - Permian
8.51 Key Well - Beaverhouse Creek H-13
8.52 Reservoir Potential - Bug Creek
8.53 Well Correlation - Jurassic Bug Creek Section
8.54 Reservoir Potential - Parsons
8.55 Well Correlation - Lower Cretaceous Parsons
8.56 Key Well - Kugpik O-13
8.57 Key Well - Kamik D-48
8.58 Key Well - Tuk L-09
8.59 Porosity v Depth - Parsons Reservoir
8.60 Reservoir Potential - Mt. Goodenough
8.61 Key Well - Imnak J-29
8.62 Structural Trapping Styles - Mackenzie Valley
8.63 Structural Trapping Styles - Mackenzie Delta

9.1 Cambrian Play Concepts - Colville Hills/Anderson Area
9.2 Cretaceous Play Concept - Kee Scarp and Peel Basin Area
9.3 Devonian Play Concepts - Kee Scarp Area
9.4 Permian Play Concept - Onshore Mackenzie Delta Area
9.5 Jurassic Play Concepts - Onshore Mackenzie Delta Area
9.6 Cretaceous Play Concepts - Onshore Mackenzie Delta Area
9.7 Play Concepts Summary - Mackenzie Valley
9.8 Play Concepts Summary - Mackenzie Delta

11.1 Sensitivity of Economic Analysis to Field Size - Norman Wells Area
11.2 Expected Monetary Value Profile - Norman Wells Area
11.3 Expected Monetary Value Profile - Pinnacle Reef Case, Peel Basin
11.4 Sensitivity of Economic Analysis to Distance from Norman Wells
11.5 Expected Monetary Value Profile - Peel Basin
11.6 Expected Monetary Value Profile - Delta Oilfield
11.7 Sensitivity of Economic Analysis to Field Size - Delta Gasfield
11.8 Expected Monetary Value Profile - Delta Gasfield

PALAEOZOIC AND MESOZOIC HYDROCARBON POTENTIAL OF THE MACKENZIE DELTA AND VALLEY

LIST OF ENCLOSURES

Scale: 1:500,000

1 Database - Mackenzie Valley
2 Database - Mackenzie Delta
3 Bouguer Gravity - Mackenzie Valley
4 Bouguer Gravity - Mackenzie Delta
5 Residual Bouguer Gravity - Mackenzie Valley
6 Residual Bouguer Gravity - Mackenzie Delta
7 Magnetic Anomaly - Mackenzie Valley
8 Magnetic Anomaly - Mackenzie Delta
9 Residual Magnetic Anomalies - Mackenzie Valley
10 Residual Magnetic Anomalies - Mackenzie Delta
11 Structural Framework - Mackenzie Valley
12 Structural Framework - Mackenzie Delta
13 Structural Cross sections - Mackenzie Valley
14 Structural Cross sections - Mackenzie Delta
15 Depth to Proterozoic - Mackenzie Valley
16 Depth to Mid Devonian - Mackenzie Valley
17 Depth to Base Mesozoic - Mackenzie Valley
18 Depth to Base Mesozoic - Mackenzie Delta
19 Depth to Base Mesozoic - Mackenzie Delta (1:250,000)
20 Lithostratigraphic Correlation - Mackenzie Valley
21 Lithostratigraphic Correlation - Mackenzie Delta
22 Isopach Montage - Mackenzie Valley
23 Isopach Montage - Mackenzie Delta
